Government was created to serve the people, not the other way around. Oregon is a constitutional republic not a dictatorship. Government is required to represent the people and the people do not want higher taxation or any of the things Gov K is pushing... the Democrats are destroying and has destroyed the family, the educational system, the small business, and it has given favor to communism. The democrats are expanding the government to be the dictatorship of Oregon, it is now the largest employer in Oregon and the most corrupt.

Stop this insanity of corrupt political dictatorship...
