To Whom it may concern,

Please do not consider any tax increases for the foreseeable future. We pay too taxes of any state already and it is really getting unlivable. We are soon on our way to becoming as bad or worse than California. It is our governments responsibility to spend within their budget, not to raise taxes to fix their budget issues. Lay off management/supervisor positions and pay people less. Leave the people who are actually doing work.

Sincerely,

Jamie Seastrom-Price
