Funding

Measure, Appointment or
Topic: LC 2

On behalf of my fellow Oregonians enough is enough. No NEW TAXES!!! Companies and corporations are leaving the state due to the incompetence of our elected officials. Now you want to tax those remaining to fund your projects? Balance your budget. Make cuts like Oregonian families have to do. Do not add more burden to those already struggling. Hire non-union workers, bring back our city streets that were turned from 2 lanes to one lane to establish more parking, only to be occupied by broken down homeless trailers. This decision has also cost valuable travel time. Forcing people onto bikes and empty unsafe Tri-met has not worked.
