Hello, I have been a resident of Oregon my entire life. The taxes here are getting out of hand. Our hard earned tax dollars need to be managed!! Kotek's idea of fixing any problem is TAKE TAKE TAKE more from the taxpayers.. We can't afford her style of "leadership"..How about sticking to the basics. Stop spending money on homelessness, and suppling needles all over the state!! Our state is getting run into the ground!!... And I want my kicker check back as well!!!
