I strongly oppose this tax increase. We have a family of four and struggle every month to pay bills. My wife and I both work full time while raising 2 school aged children. We simply can not afford more taxes and fees. Oregon citizens already pay income tax, property tax (increases every year) fed income, ss, Medicare, or trans tax, paid leave tax , gas tax, new bike tax, new car tax, new rv tax, car tax passed to the consumer. Most utility bills include pass through taxes. We can't afford for you to take more. I strongly urge the government to figure out funding and cut wasteful spending instead of taking more from the families.

Thank you.
