Dear Anybody Who Cares,

This endless tax and spend without oversight or accountability has taken its toll on me over the years. I am 74yo now and am trying to live on my SS alone. I finally paid off the house I am in a few years ago yet the property taxes and house insurance alone take half of my SS income still. I have cut out almost everything that made life fun outside of my house. Paying taxes that always go up far faster than my ability to pay has become a choice between that or paying utilities or health care. I am trying to use every senior service I can but this tax and spend mentality that has pervaded us for decades is going to kill me. So please, read my lips, NO NEW TAXES!!! Thank you for your attention to this matter.

Sincerely,  
Herbert Hofer
