Topic: LC 2

As a descendent of Oregon Trail pioneers, it breaks my heart that when I retire in two years, I will have to leave my state. Oregon is beautiful, but unaffordable already. If you want to keep losing more people (and thus, voters), then keep raising our taxes. If you want native Oregonians like me to stay and help build Oregon's future, then please stop taxing us to death! Eventually, you will run out of residents and businesses who can afford these insane proposed increases. Just say, "NO" to new/increased taxation in Oregon. Thank you.
