Funding

Measure, Appointment or  
Topic: LC 2

I am a resident of Lincoln County. I can't believe how many taxes you ( our representatives) keep trying and are putting on us. Gas taxes, thinking of doing tolls on roads we already pay taxes for . We the people should vote on things and items that affect us, not growing youR POCKETS. We have to pay secondary insurances with Medicare because all the insurance companies are leaving. What then!! ODOT funds have been mismanaged and you're running low on funds. When that happens in our home we have to make do. Maybe you guys should try it. Government isn't to make us comply we are to tell you what we want and don't. We DONT NEED ANY MORE FRICKIN TAXES.

Sincerely pissed off Patriots
