These proposals to increase tax and fees is absolutely absurd. All you are doing is making it even harder for Oregonians to stay and live in Oregon. It's already hard enough to survive here and be just above poverty. I understand that maintaining good roads is very important but not at the cost of the taxpayers. There are plenty of government programs that could and should be done away with. And let me make it clear I don't mean emergency services like the police. Maybe you should cut programs that will take rights from Oregonians like you anti 2nd amendment bills that do nothing but cost the taxpayers millions if not billions by the time Oregon politicians get their way. Those anti 2nd amendment bills don't make us more safe they make us more vulnerable and if you think that's false check the statistics in other states that have the most 2a laws like Chicago, California New York ect vs other that do not. But I digress those types of bill/laws take to much money that could be used for other things like roads ect. Hopefully you all will read these testimonies and actually do what's right for Oregonians vs push you own interests onto the citizens that don't want what is forced upon us.
