Topic:

People of Oregon do not have any more money to fund transportation taxes or more income tax. You're funding all kind of homeless help with our money now. You could have used this money to find the items you want yo raise now. Also do not use unelected people to make state decisions. We Oregonian la are paying enough taxes as it is! We pay enough in our normal lives—insurances of all kinds, electricity, water, garbage, etc. do not make us pay more.
