Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

I have lived here in this beautiful state my whole life with the exception of 4 years when I served in the United States Air Force and this tax proposal without a vote the people is high way robbery!! You represent we the people you work for us not the other way around!! My wife and I are finally at point in life where we're not struggling any more and now you want to rob us of that by doubling my income taxes along with the other criminal tax hikes! This will be remembered when you're up for reelection! Find an another way to fund Odot you need to review the budget and make cuts we are not a piggy bank ?? you can raid every time you want money ??! Yours truly Jeff Kahle a very hard working tax payer and voter.
