

Submitter: Ron Schock

On Behalf Of:

Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

Please vote no on the transportation bill put forth in the special session. Before any additional funds can be allocated to ODOT their needs to be a full accounting of what ODOT has accomplished with their current funds and their needs to be ways to cut costs. Oregon families have needed to budget because of runaway costs of everyday items as well as never ending fees and taxes from our elected leaders at the state, county and city levels. Please vote no. Thank you.
