As if we didn't have enough taxes already. This is ridiculous. I don't want to be a sanctuary state supporting illegal immigrants. My money is valuable to me and I can barely survive off of what I make now. How much longer is Kotak going to give us this treatment? We are Oregonians! We pay enough taxes! What are you doing with the taxes were giving you right now, besides squandering and away or pocketing it. NO MORE TAXES!!!
