Stop Kotek from raising our taxes AGAIN !!! She needs to run the state of Oregon like a business, not a free-for-all and on a whim. Waste is out of control in this state. Money thrown around for stupid pet projects, instead of things that real people need... LIKE CLEARING SNOW FOR THE ENTIRE STATE. Do the RIGHT thing for Oregonians. We need the essentials, not a new building for esthetics. We need dependable basic necessities for a good life.

NO TAX HIKES. The secret session is obviously "secret" cuz you want to slide it under the table WITHOUT the people being involved. It has to be voted on.
