Topic: LC 2

Dear Committee members:

One word: NO!

No more taxes. Oregon is losing businesses every day. Jobs are leaving as well as people. If you want to really hasten Oregon's economic decline vote for this bill. If you want to begin turning the Oregon Dumpster fire to a better course DEFEAT this proposal! As well, Can you hold people accountable when they should be terminated or disciplined for bad decisions and awful management? ODOT IS HORRIBLY MISMANAGED. Clean house starting at the top, not the bottom.
