

Submitter:	Linda Caldwell
On Behalf Of:	Do not raise taxes
Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

Dear Governor Kotek,

Our state is becoming a huge crisis for the people that pay their taxes! The state for long time has been trying to solve the homelessness in Oregon, unfortunately the state has invited them here because we are going to fix it. We have and continue to support a lot of homeless that are on drugs which in itself is a huge problem because of mental health! We are taxed enough as it is and I see so many tax dollars being wasted due to the homeless situation! Raising all these taxes just makes us want to move out of state due to the irrational spending of our dollars.

We do not approve of any of these tax hikes! Learn to fix what we have and scrutinize some of this spending that does not benefit this state to survive!

Rick and Linda Caldwell
Eugene, Oregon
