

Dear Oregon State Representative

This is the first letter I've ever written a representative, so bear with me. I live in Canby, Oregon 97013 and I have severe trepidation about our department of transportation and how there poorly managed.

When I heard about the shape they are in, I said to myself I'm not surprised. The length of time it takes them to do anything to our roads is unfathomable. And then I go to Oregon City and Hwy 99 is awful, I can't believe this has been allowed to happen.

This transportation tax bill is to bail out the poor leadership. I and other families should not be taxed to bail out this poor leadership, while we're trying to feed our families and take care of daily life.

I know that there are other ways to find the money to fix this problem without taxing the people and put more of a hardship on us.

Let alone the elderly that are on a fixed income. Please do the right thing for our state and be a responsible leader.

Thanks,
