Funding

Measure, Appointment or  
Topic: LC 2

Hello, Please do not raise taxes to solve your budget shortfalls. We, the hard working people of Oregon, cannot sustain more tax increases. Food, gas, energy and housing costs are too high. Also, don't cut essential services positions, instead look at trimming some executive positions and use solid business practices to reduce costs and improve efficiency.

Listen to Republican legislators and leaders who have a strong solution that doesn't raise taxes.

Thank you for your time and consideration.

Peggy
