Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

I strongly oppose the significant increases being proposed to fund transportation. Families are already struggling with rising costs of food and fuel due to inflation. Past mismanagement of transportation funds cannot be solved overnight by placing an additional burden on citizens. Furthermore, our gasoline prices are already higher than much of the country - why is that not being addressed? For these reasons, I urge you to vote No on this proposal.
