As a citizen of the United States of America and a resident of Oregon, it is increasingly difficult to understand the lack of governance in this state and the default "fix" to raise taxes. The tax paying citizens are simply fed up with this government. We have the highest income, property tax. Transportation taxes gas taxes, and homeless taxes. You are destroying our state! It needs to stop! The population of higher earners is declining and it is the fault of this government! Take business classes and learn how to run a state like a profit business and not a grifter state. Stop! Our gas prices are \$2 higher than most states as it is. The Governor should be impeached if this tax rape is approved. Fix your budgets correctly. Good job to the uninformed ppl that voted for this incompetent Governor.
