Topic: LC 2

Let it be known that I Daniel W, Cleveland am opposed to Governor Kotek \$5 billion tax hike.

This tax hike would put undue stress on our (still working) employees and employers, Not to mention our senior citizens that can barely make ends meet as it is.

We as Oregon tax payers have to live within our means (paycheck) by balancing our budget to make sure we have what we need to survive. We cannot just raise our wages as we want and the government should not be able to either.

Sincerely,
Daniel w. Cleveland
