Funding

Measure, Appointment or  
Topic: LC 2

Dear Legislators,

Please do the right thing and vote "No" on any new taxes. Working Oregonians and businesses in this State have an incredible tax burden that is unsustainable. I ask that you please evaluate ODOTs spending before asking hard working Oregonians to continue to give more. I have to balance my budget and curtail spending to make ends meet and so should the State. Thank you.
