Oregon politicians need to learn to live within their means. Oregonians have too so should you, after all you do work for us. You as politicians are employees to us Oregonians who are the employer. If it was any of us, we would have been fired a long time ago. You are robbing enough money from citizens of this state. Maybe if our Governor would follow the law then we wouldn't have to worry so much about a shortage of money. We do not want a sanctuary state or cities; it is what was voted for so listen before it is too late for you and your "job".
