On Behalf Of:

Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I've been an Oregonian for 26 years. As a far North Coast California native our family always considered Oregonian as the "promised land". That is not so anymore. Please do not pass this bill making the income path of working Oregonians even harder. As an owner of a small business that uses trucking it is already hard to make it with fuel, registration and related costs being one of the highest in the nation.

Please do not pass this bill.

Will Bowlby

Concerned citizen of the once great State of Oregon
