Well here we go again. What part of NO MORE TAXES don't you understand. The people have spoken they cant handle more. This was all voted down and here it is again more wasteful spending by having a special session. Do your job here Reps and listen to the people who put you in office to represent us. The people and b businesses are moving out of this state with these corrupt taxes kotek thinks she can do. Its time to stand up to her. There's so much wasteful spending and her stealing from taxpayers to fund her DEI projects and her other unconstitutional policies. Why don't

you people listen and see what has happened to Oregon from this corruption from the homeless, issues garbage dumps thru out the city. The free handouts. All those are issues you people need to address not taxing the citizens and workers and raising gas taxes. DON'T FALL FOR KOTEK S LIES . STOP WITH ALL THE TAXES. A total investigation should happen to find the fraud. Where's all the general funds and rainy day funds ? Use those monies. There doesn't need these ridiculous taxes people cant afford.
