We Oregonians can't afford the things we need as things are now. Groceries are through the roof, gas is already much higher here than many parts of the country. It's time to wake up and create jobs not taxes! Bring in industry! Open up logging! I'm sick and tired of hear other states such as Texas making their states tax friendly towards businesses while states like Oregon are getting the shaft. Make some tax changes that actually benefit Oregonians, by giving them good paying jobs! More jobs equals more revenue. I don't give a damn if someone is republican or democrat. We all need jobs! Most of us have so much more in common with each other than we realize, together we can all be better off. Fight for prosperity! Do not TAX and SPEND us into the poor house!
