Funding

Measure, Appointment or  
Topic: LC 2

Instead of raising taxes for hard working Oregonians or increasing DMV fees, how about cutting all the free hand outs to illegal immigrants that are in Oregon illegally. The huge amount of money going for illegal immigrant programs would be enough to fund this transportation shortfall. Stop punishing the Oregonians that work hard, we are tired of getting overlooked because you are so stuck on Oregon being a sanctuary state. Majority of Oregonians do not want Oregon to be a sanctuary state. And the remainder of people would probably pass out if they understood how much money Oregon spends monthly on harboring illegal immigrants.
