Topic: LC 2

I live in Bandon, and I am NOT HAPPY about this transportation tax bill. Families like mine are already stretched so thin we live paycheck to paycheck with very little left over to keep our house and property up. Over the last several months we have learned that Government, both State and Federal, have an immense amount of waste. My family has had to look within and find areas that we can refine how we spend what we have. ODOT must also refine their spending, reduce waste, and prioritize keeping Oregonians safe on the road. I encourage ODOT & Oregon State in general to scrap any and all programs that are wasteful and not in the best interest of Oregon. Don't waste our money and then tax us more to pay for it.
