Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

Oregon can't afford any new taxes or fees. In the last 2 years our utilities have almost doubled. This hits seniors on fixed income especially hard. The legislation of Oregon has to adjust their budget like any household. I know you can't please everyone. The majority of the state does Not support tax increases. The majority is who you need to please. Not the special interest. Vote No on new taxes or fees.
