Funding

Measure, Appointment or
Topic: LC 2

Please do not pass this bill causing an increase in fees and taxes. Many of these fees are taxes disguised in words. Taxation without representation! These increased taxes will be hard for my husband and myself on fixed income. Please look into streamlining your budget rather than just burdening the people. We just cannot afford this! As I believe many more Oregonians are in the same position. Please do not pass this bill! Think of the people not yourselves.
