Can't you folks be satisfied with the fact that business is leaveing Oregon, taxes are higher than they should be, and the unemployment rate in our area of the state is over 6%? Get real! Defeat the governor's tax proposal and policies of tax and spend!! I am an 89 year old native born Oregonian and I do NOT wanttto move because of the Democrats spending polity!!! I have worked in Oregon most of my life, and until about 40 years ago, was proud of my state! Now, I am totally ashamed, disgusted, and frustrated! GET SMART! Defeat the tax and spend policies you and the governor have been following before it is too late!
