If you hike the prices of all these taxes and say you're doing it for the good of Oregonians you are a LIAR. You are doing it for the good of lining your own pockets. We Oregonians have a hard enough time paying the cost of what everything costs now as we do not get paid enough and then you constantly raise the prices on everything. As a family of 3 with a young child and both parents working jobs that 30 years ago only 1 parent would have had to work and the other could stay home because there was a good paying job, we are struggling to keep enough food on the table. We are struggling to afford the gas as in so we can make it to work! Forget about trying to do anything recreational, you and your people have made Oregon so expensive that if you do this you will soon have no people to govern in the state. They will be forced to move for the good of their family's. I'm a born and raised Oregonian as is my husband don't force us to take that opportunity away from our son, because you have greedy pockets. If you do this you are going to make more people homeless and jobless as they will not be able to afford to care for their family's, Business's won't be able to afford to pay their employees so they will likely close. How in your right mind can you think that all these taxes tax hikes "are good for the people" ??? You will bring the downfall of Oregon if you raise these taxes. I hope your conscience can handle it and the fallout if you decide to proceed with it. For once think about the people and I mean the actual hard working people of Oregon not you and your friends in government.
