I am OPPOSED to raising our transportaion taxes at all. We already have some of the highest taxes in the nation. If this passes it is against the will of the people. We have the Constitutional right to vote on new taxes, and this is one of which the majority of voters are not in favor.

I'm truly sorry that ODOT made a "Billion Dollar Error." Maybe they will learn fiscal responsibility if they have to tighten their budget and learn frugality if they are made to suffer this time.

Do the will of we, the tax payers: say no to increasing our transportation taxes before more businesses and taxpayers leave the state.

And while you are at it - get rid of the EV mandate for semi trucks. That is the most ridiculous idea I have ever heard of.

Sincerely,  
Jayne
