Measure, Appointment or Topic: LC 2

My name is David Graham and live in Winston. I am a retired US Government employee. Contrary to popular opinion, not every retiree is living on a huge pension. Most retired Gov. employees live on a very conservative pension. I own my house which is difficult to keep up with rising insurance and property taxes. All my expenses have risen beyond what I can afford. If you keep raising taxes I will be forced to sell my house. I will also move to another state which does not raise taxes as a way to fix their poor management. Please stop this constant burden of rising taxes on the people of Oregon.
