This is a bad bill costing low and medium wage people of the state of Oregon more money out of their income. I thought the Democrats were for "Working Families" this bill

sure is not for "Working Families". I think the vehicle title & registration fees are outrages. The gas tax,- really isn't gas high enough in Oregon. Why don't you tax rich people when they buy really expensive cars, boats, motor homes, wines, jewelry etc.. How about the extravagant vacations or the giant houses they build with 15 rooms or more. Lay off the working class and low income people find a better source of money or how about the State cut back- ever think of doing that.
