I've been a life long resident of Oregon and I'm very concerned about the transportation tax bill. Families like mine can no longer take on additional taxes and fees that make daily life unaffordable. ODOT and The state must work within their already large budgets to make ends meet, much like my family is doing. ODOT should refocus and prioritize keeping Oregonians safe on the road. Please consider alternatives that don't financially punish the residents of this State!
