Topic: LC 2

Oregon is the worst state in the union for bleeding the people of the little they have to steal their money. I don't even know what you are doing with it. There is absolutely no reason this administration needs to raise so many taxes. You should learn to manage money. Our neighbor Idaho has good leadership. Maybe you could take some lessons from them.

I SAY NO MIRE!! NO MORE TAXES...NO MORE RAISING FEES. NO NO NO.
