Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

I'm writing to oppose any form of new taxes. As a retired person who is on social security, this would be a terrible burden to bear. The fees and taxes are already too high. It will hurt everyone who is retired as well as everyone else. Just stop with this nonsense. We are not responsible for the millions of dollars that ODOT has misplaced and wasted. A full forensic audit needs to be done on all state agencies!! No more money for illegals and no more money for DEI bullshit!! Balance your books!!
