Rep. McIntire,

I am a 63 year old disabled constituent that lives on a very small fixed disability income and I strongly oppose Gov. Kotek's plan to increase the current gasoline tax. This tax would be extremely burdensome and make it almost impossible to eat every day. I need you to do something to fight this. I also have a huge problem with mail in ballots as they are just begging for fraud and abuse. I believe Gov Cotek is a communist that has no business in control of this state. Something needs to be done to release the stranglehold that democrats have on this state. They control this state as a result of illegal germandering and a fraudulent mail in ballot scheme in which I believe has illegal immigrants voting. Please Rep. McIntire I beg you to get together with the other Republicans and do something to stop what is happening. I am sure as you can see I vote every year since moving to your district. I have supported you faithfully please support you constituents as I am sure they have similar feelings as I do. Thank you for your attention to this issue.

Respectfully,

David A. Gunther
