Topic: LC 2

Please don't raise our taxes any further. Oregon has incredibly high taxes already. Myself and most of my social circle are on Social Security and taxes are taking a toll on us financially.

I believe there is state/city budget reconciliation that can save Oregonians from strangling taxes.

I'd like to see how these taxes hikes improve lives especially of the senior population.

I can't even afford a studio apartment.

Sincerely
Debra K. Kelly
