Measure, Appointment or Topic:	LC 2

To whom it may concern:

This bill our governor is trying so hard to pass is completely against the will of the majority of Oregon taxpayers, and I said taxpayers, not your illegal immigrants.

Oregon taxpayers are already struggling with housing cost, gas tax, grocery bills and more.

What are the salaries of ODOT executives, Oregon Senators, Oregon Congressman and especially our governor Tina Kotek. Many of these people do not have a clue what life on a budget is like.

As a lifelong Oregon resident and taxpayer since 1974, I STRONGLY OPPOSE this obscene bill.
