Enough. ENOUGH! We've had enough taxes in this state and we can't take anymore! This transportation funding bill is so over the top that even my friends on the liberal side of the aisle are fed up! STOP taxing us to death. STOP turning Oregon into California. STOP the assault on working Oregonians because this bill affects us most of all. You're taking a bad situation and making it worse by piling on even more taxes!

How about the supermajority in Salem does the unthinkable- oh I don't know COME UP WITH WAYS TO STOP SPENDING OUR MONEY!
