This State is number 4 on the most expensive places to live in the US now! Kotek needs to track spending much better. If this passes, we will not be able to afford it here anymore. I've lived here most of my life, and have watched this state become a free for all on spending. It's time to take care of Oregon citizens, and US citizens for that matter! Stop spending on novelties, and start saving for all legal residents, this bill would destroy many budgets, for the profit of the few. Thank you for your consideration.
