

Submitter: Stephenie Ward

On Behalf Of:

Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I stephenie ward oppose this bill- we the people of Oregon voted and that vote needs to be upheld. You truly need to re budget and put the most important as priority and cut the rest, but taking away from families, already struggling , it is not the answer . Please know this will hurt low and middle class- and probably cause more inflation.
