Let it be known that the proposed increases for the transportation tax bill will push me over the edge of being able to afford daily necessities of life. I am a senior citizen in Coos County and I must live on a fixed income. With these additional proposed tax increases upon our already high taxes , it will be DEVASTATING to me, especially since "transitory inflation" has already increased costs tremendously in the past few years. I am asking that ODOT tighten their belt and readjust their spending, just as I have had to in order to make ends meet. PLEASE consider alternatives that won't punish the Oregon residents!!
