As a retired grandparent raising her 5 year old grandson, the miles I drive each week are easily 85% more than I drove before my grandson lived with me. And the miles i drive are only going to go up as he gets older. Living on a fixed income is difficult and scary.

Therefore, Oregon's politicians need to tell the feckless governor to pound sand and NOT PASS her gas taxation. Be responsible with tax funds.

STOP GIVING MONEY TO CRIMINAL INVADERS. STOP USING TAX MONEY TO FIGHT FEDERAL MANDATES AGAINST SANCTUARY FOR ILLEGAL IMMIGRANTS.

USE SUCH FUNDS TO HELP ODOT and other departments and projects that help LEGAL OREGON CITIZENS.
