I urge you to reject this tax increase! The proposed gas tax hike along with rising vehicle fees and a doubled payroll tax, will make life harder for Oregonians already struggling to pay bills. Driving is a necessity for many, and these added costs will hit working families the hardest.

This bill offers no real promise of improved roads or transit—just more money funneled into a system with a history of waste and delays. It disproportionately impacts those with fewer options and less income. We deserve better stewardship of our tax dollars, not a rushed tax hike that punishes everyday people.

Say no to this measure.
