Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

I am a Coos County resident, I married my high school sweetheart 52 years ago. We raised 11 children, 9 came by adopting children that had been removed from dysfunctional homes, I've served as and EMT, with a career as an RN, my husband worked for our county road department for 30 years. We deserve a bit of a break from this governmental overreach while on a fixed income. Stop trying to fax us to death. Stop asking our representatives to vote for a tax hike so large that we will need to go back to work to pay the decrease in our budget these taxes and fees will cause. STOP RAPING YOUR CONSTITUENTS. Stop it!
