We know that the Governor does not care about Oregonians at all.  
We know that every democRAT does not care about Oregonians at all, either.  
The ONLY thing they care about is POWER and paying off their buddies.  
Like the union members that are the ONLY ones that will get any contracts for any road projects.  
Road projects that are ALWAYS massively over budget and never finished.  
This STINKS of graft and corruption, but that is the democrat way.  
The Republicans proposed a budget that avoided laying off ANYONE, yet Kotex won't even listen to it and has the BALLS (literally) to say she doesn't NEED anything from the Republicans except for them to fill a seat so her democRAT cronies can force this MASSIVE tax increase on ALL Oregonians.  
Be VERY aware, democRATS, that a reckoning is coming.  
The people are well aware of your tricks and FRAUD in every election and have had ENOUGH!  
The people of Oregon deserve BETTER than these corrupt, CRIMINALS known as the democRAT party.  
Republicans: Walk out!  
Deny quorum!  
This is the hill to die on!  
The people of Oregon NEED you!  
If retaining your elected position is more important than stopping this TYRANNY, then you are no better than the democRATS that are behind the destruction of not only Oregon, but the very county, itself!
