I'm a single father with 50/50 custody. I have a good paying job especially for the rural community I live in. Even though the decent paying job, I can't afford to purchase a home for my kids and I. Have my children half a week does not allow me to have a second job unless I want to put in 15-20 hour days when I don't have them, which is not feasible. Raising taxes would be significantly affect my children's and my lifestyle. I make too much for services but barely enough to survive. Do not raise taxes, we average citizens can't afford this.
